

Department of Business Administration and Research (DBA & R), Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon amongst top B-Schools of Maharashtra for the seventh year in a row:

The **Department of Business Administration and Research (DBA & R)** of **Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon** again appears this year in the B-School Ranking 2016-2017 by Careers360 magazine in its November 2016 special issue on India's Top B-Schools 2017. This is **seventh year in a row** that **DBA & R** has been included in the list of top B-Schools of Maharashtra by this magazine ranking it under the **AA+ grade**. The ranking is based on seven parameters viz. placement, students quality, faculty quality, research and publications, alumni, learning environment and living experiences. The magazine has published the entire report of Best B-Schools of India where management institutions of Maharashtra appear on its **pages nos. 89 & 90** and the name of Shri Sant Gajanan Maharaj College of Engineering, Shegaon appears on **page no. 90** of this magazine. From amongst 380 plus management institutions in Maharashtra this magazine has ranked only 59 institutions from places like Mumbai, Nagpur, Pune, Nashik, Solapur, Karla and Shegaon which means that the Shegaon MBA is the only amongst them from a Taluka place. It is further worth noting that the DBA & R, Shegaon is the only university affiliated self-financed management institution from whole of Vidarbha appearing in this ranking. There are however, three institutions from Vidarbha ranked in this list which are Indian Institute of Management, Nagpur, Institute of Management Technology, Nagpur (both autonomous institutions) and Shri Sant Gajanan Maharaj College of Engineering, Shegaon. This is in addition to regular ranking of this department by other national surveys like Business India, Go-Education and Outlook Survey since the year 2010. The outlook-Drshti Survey 2014 & 2015 ranked this department amongst India's top 100 B-Schools. These distinctions awarded to the management department of Shri Sant Gajanan Maharaj College of Engineering, Shegaon are clear evidences of progressive and visionary management of the college who dreamt of a top class national level college at Taluka place like Shegaon, administrative acumenship, unconditional support of the local industries and alumni of the department, unidirectional commitment and dedication of faculty and staff, trust of parents of its students and above all the sincerity, hard work and openness of the students of this department. The scan copy of the concerned pages of Careers360 November 2016 issue are pasted herein below.

NMIMS

The first and foremost task that lies ahead for the management fraternity is to understand that it is the age of start-ups and B-Schools need to incubate more and more business ideas and initiatives of youngsters. It is also the responsibility of B-Schools is to teach students about risk taking, innovation and sustainability. Also, there should be focus on field visits, rather than classroom learning

Senior Advisor & Head,
IBS Mumbai

The main challenges faced by management education in the country are choices between the scholastic approach to management education and professional skill-building approach, establishing high degree of credibility with the increasing number of recruiters who compete for talent acquisition, and competition from other programs like BBA and other focused undergraduate courses in corporate placements
